MC-CHLOR 968

SAFE AND EFFECTIVE CHLORINATED CLEANER

FOR MANUAL CLEANING OF FOOD CONTACT SURFACES!

TYPICAL APPLICATIONS

MC-CHLOR 968 is used to brighten stainless steel surfaces, as well as aluminum, galvanized, plastic, and glass surfaces. It can be used for brush, soak, high pressure, and foam cleaning. Exceptional detergent and wetting action helps emulsify food soils. It is acceptable to the USDA as a manual cleaner for use in official meat, poultry, rabbit, and egg processing plants.

MC-CHLOR 968 is a unique product because of its specially designed ingredients. It is a safe manual cleaner that rinses very well and has the ability to perform better in hard water areas. With its alkaline builders and source of organic chlorine, it will remove butter fat, rainbow (protein) films, and other starch or carbohydrate build-ups.

CONCENTRATED

MC-CHLOR 968 is used at low use-cost dilutions because of its high detergent action. Special wetting agents provide extra cleaning power with good soil penetration.

Safe to use

MC-CHLOR 968 solutions are mild to the hands when manually applying detergent. It can be used for brush, soak, high pressure, and foam cleaning.

BULK TANK CLEANING DIRECTIONS

1. Add 4 ounces **MC-CHLOR 968** to 4 quarts of hot water in a plastic or stainless steel pail.
2. Scrub inside of tank starting from the lids and top down. Keep valve closed to retain detergent for outside use.
3. Brush wash valve, outside of tank, and any parts not contacted with recovered detergent.

EXTERIOR STAINLESS STEEL SURFACES

1. Add 2 oz. **MC-CHLOR 968** to each gallon of hot water and manually scrub or brush exterior surfaces. If foaming on vertical or overhead surfaces, additional foaming agents might be needed.
2. Rinse all surfaces with water thoroughly after using **MC-CHLOR 968** and apply an acid rinse (1 ounce to 5 gallons water) to neutralize alkaline residues and leave surface shiny.

Seller Warranty

CH₂O brand test reagent refills are available through your sales representative at no charge. Customers are required to confirm product compatibility via a control test for their specific application. CH₂O recommends that you perform regular/daily testing to control chemical levels and cycles of concentration within established limits. Additional tests may be performed at your request. Test reports reflect conditions at the point when the analysis was performed. Results will change over time and with varying operating conditions.

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose referred to in the product data sheet. Buyer is responsible to ensure that products and product dosages are appropriate for Buyer's particular application. Seller makes no other warranty or representation of any kind, express or implied, concerning the product, including NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS OF THE GOODS FOR ANY OTHER PARTICULAR PURPOSE. No such warranties shall be implied by law and no agent of seller is authorized to alter this warranty in any way except in writing with a specific reference to this warranty. The exclusive remedy against seller shall be a claim for damages not to exceed the purchase price of the product, without regard to whether such a claim is based upon breach of warranty or tort. Jurisdiction for any issues arising from or relating to this product shall be in the courts of the State of Washington and the venue shall be Thurston County. Any controversy or claim arising out of or relating to this contract, or breach thereof, shall be settled by arbitration in accordance with the rules and procedures as stated in RCW 7.06 and shall be binding upon both parties without right to appeal, and judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

Applies to all products sold by CH₂O, Inc., and is hereby communicated to all of its customers as a condition of sale. Use of CH₂O products is subject to the Standard Terms and Conditions as listed on CH₂O, Inc.'s website at: www.ch2o.com.
