SPUMA KLOR 1

HIGHLY CONCENTRATED, CHLORINATED PRODUCT

PRODUCES A RICH, HEAVY FOAM UNDER LIGHT AIR PRESSURE

CONCENTRATED

SPUMA KLOR 1 is a high-foaming formulation, which produces 500 parts per million chlorine at a 64:1 dilution. This provides high-volume cleaning and optimum performance at a low-use cost.

CONVENIENT

SPUMA KLOR 1 is dispensed through a Hydro or Lafferty foamer, which not only automatically dilutes it, but also produces the high foam characteristic required for optimum cleaning performance.

FREE RINSING

Selected surfactants and wetting agents in **SPUMA KLOR 1** provide excellent rinsing ability and rapid dissipation of foam.

TYPICAL APPLICATIONS

SPUMA KLOR 1 is for use where dwell time is important or where the added boost of chlorine is required to remove grease, fats, oils, carbohydrates, and proteins. The high-density foam produced allows the various elements in **SPUMA KLOR 1** to remove soil deposits.

GENERAL DIRECTIONS

Dilute 35:1 to 50:1 with water or about 2 – 4 ounces per 1 gallon of water. Hydro Foamer No. 860 or an Omni Clean Unit is the most efficient and cost-effective approach for using **SPUMA KLOR 1**.

SAFETY & HANDLING PROCEDURE

Wear goggles and gloves when handling this product. Keep out of reach of children. Do not add any other chemical to either the diluted product or the concentrated product, unless under the recommendation of your CH₂O Technical Representative.

PHYSICAL PROPERTIES

Appearance Clear, Light Yellowish
Odor.....Mild
FoamHigh
Rinsing Ability Excellent

Seller Warranty

CH₂O brand test reagent refills are available through your sales representative at no charge. Customers are required to confirm product compatibility via a control test for their specific application. CH₂O recommends that you perform regular/daily testing to control chemical levels and cycles of concentration within established limits. Additional tests may be performed at your request. Test reports reflect conditions at the point when the analysis was performed. Results will change over time and with varying operating conditions.

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose referred to in the product data sheet. Buyer is responsible to ensure that products and product dosages are appropriate for Buyer's particular application. Seller makes no other warranty or representation of any kind, express or implied, concerning the product, including NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS OF THE GOODS FOR ANY OTHER PARTICULAR PURPOSE. No such warranties shall be implied by law and no agent of seller is authorized to alter this warranty in any way except in writing with a specific reference to this warranty. The exclusive remedy against seller shall be a claim for damages not to exceed the purchase price of the product, without regard to whether such a claim is based upon breach of warranty or tort. Jurisdiction for any issues arising from or relating to this product shall be in the courts of the State of Washington and the venue shall be Thurston County. Any controversy or claim arising out of or relating to this contract, or breach thereof, shall be settled by arbitration in accordance with the rules and procedures as stated in RCW 7.06 and shall be binding upon both parties without right to appeal, and judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.

Applies to all products sold by CH₂O, Inc., and is hereby communicated to all of its customers as a condition of sale. Use of CH₂O products is subject to the Standard Terms and Conditions as listed on CH₂O, Inc.'s website at: www.ch2o.com.
